

Proposition 84

Statewide Park Program – Round One

City of Rosemead, Parks & Recreation

\$3,134,066

Garvey Aquatic Center

This project will substantially improve Garvey Aquatic Center in the City of Rosemead through construction of a new swimming pool, water slides, water play area and wading pool, bath house, shade structures, and landscaping.

Through community based planning meetings, youth, seniors, and families selected these features. Additional design ideas from residents to be included in the project are:

- For safety, create three separate areas for swimmers, water-slide users, and non-swimmers.
- For non-swimmers, create a wading pool and a zero depth water splash play area.
- For swimmers, create an instructional pool area for beginners and a water slide area with different slide features.
- All three areas will include shade and picnic shelters with benches and planters to add foliage for site beautification.
- Corps members will train disadvantaged youth residents during construction, and court mandated teens will participate in project management.

The project will include these sustainable techniques:

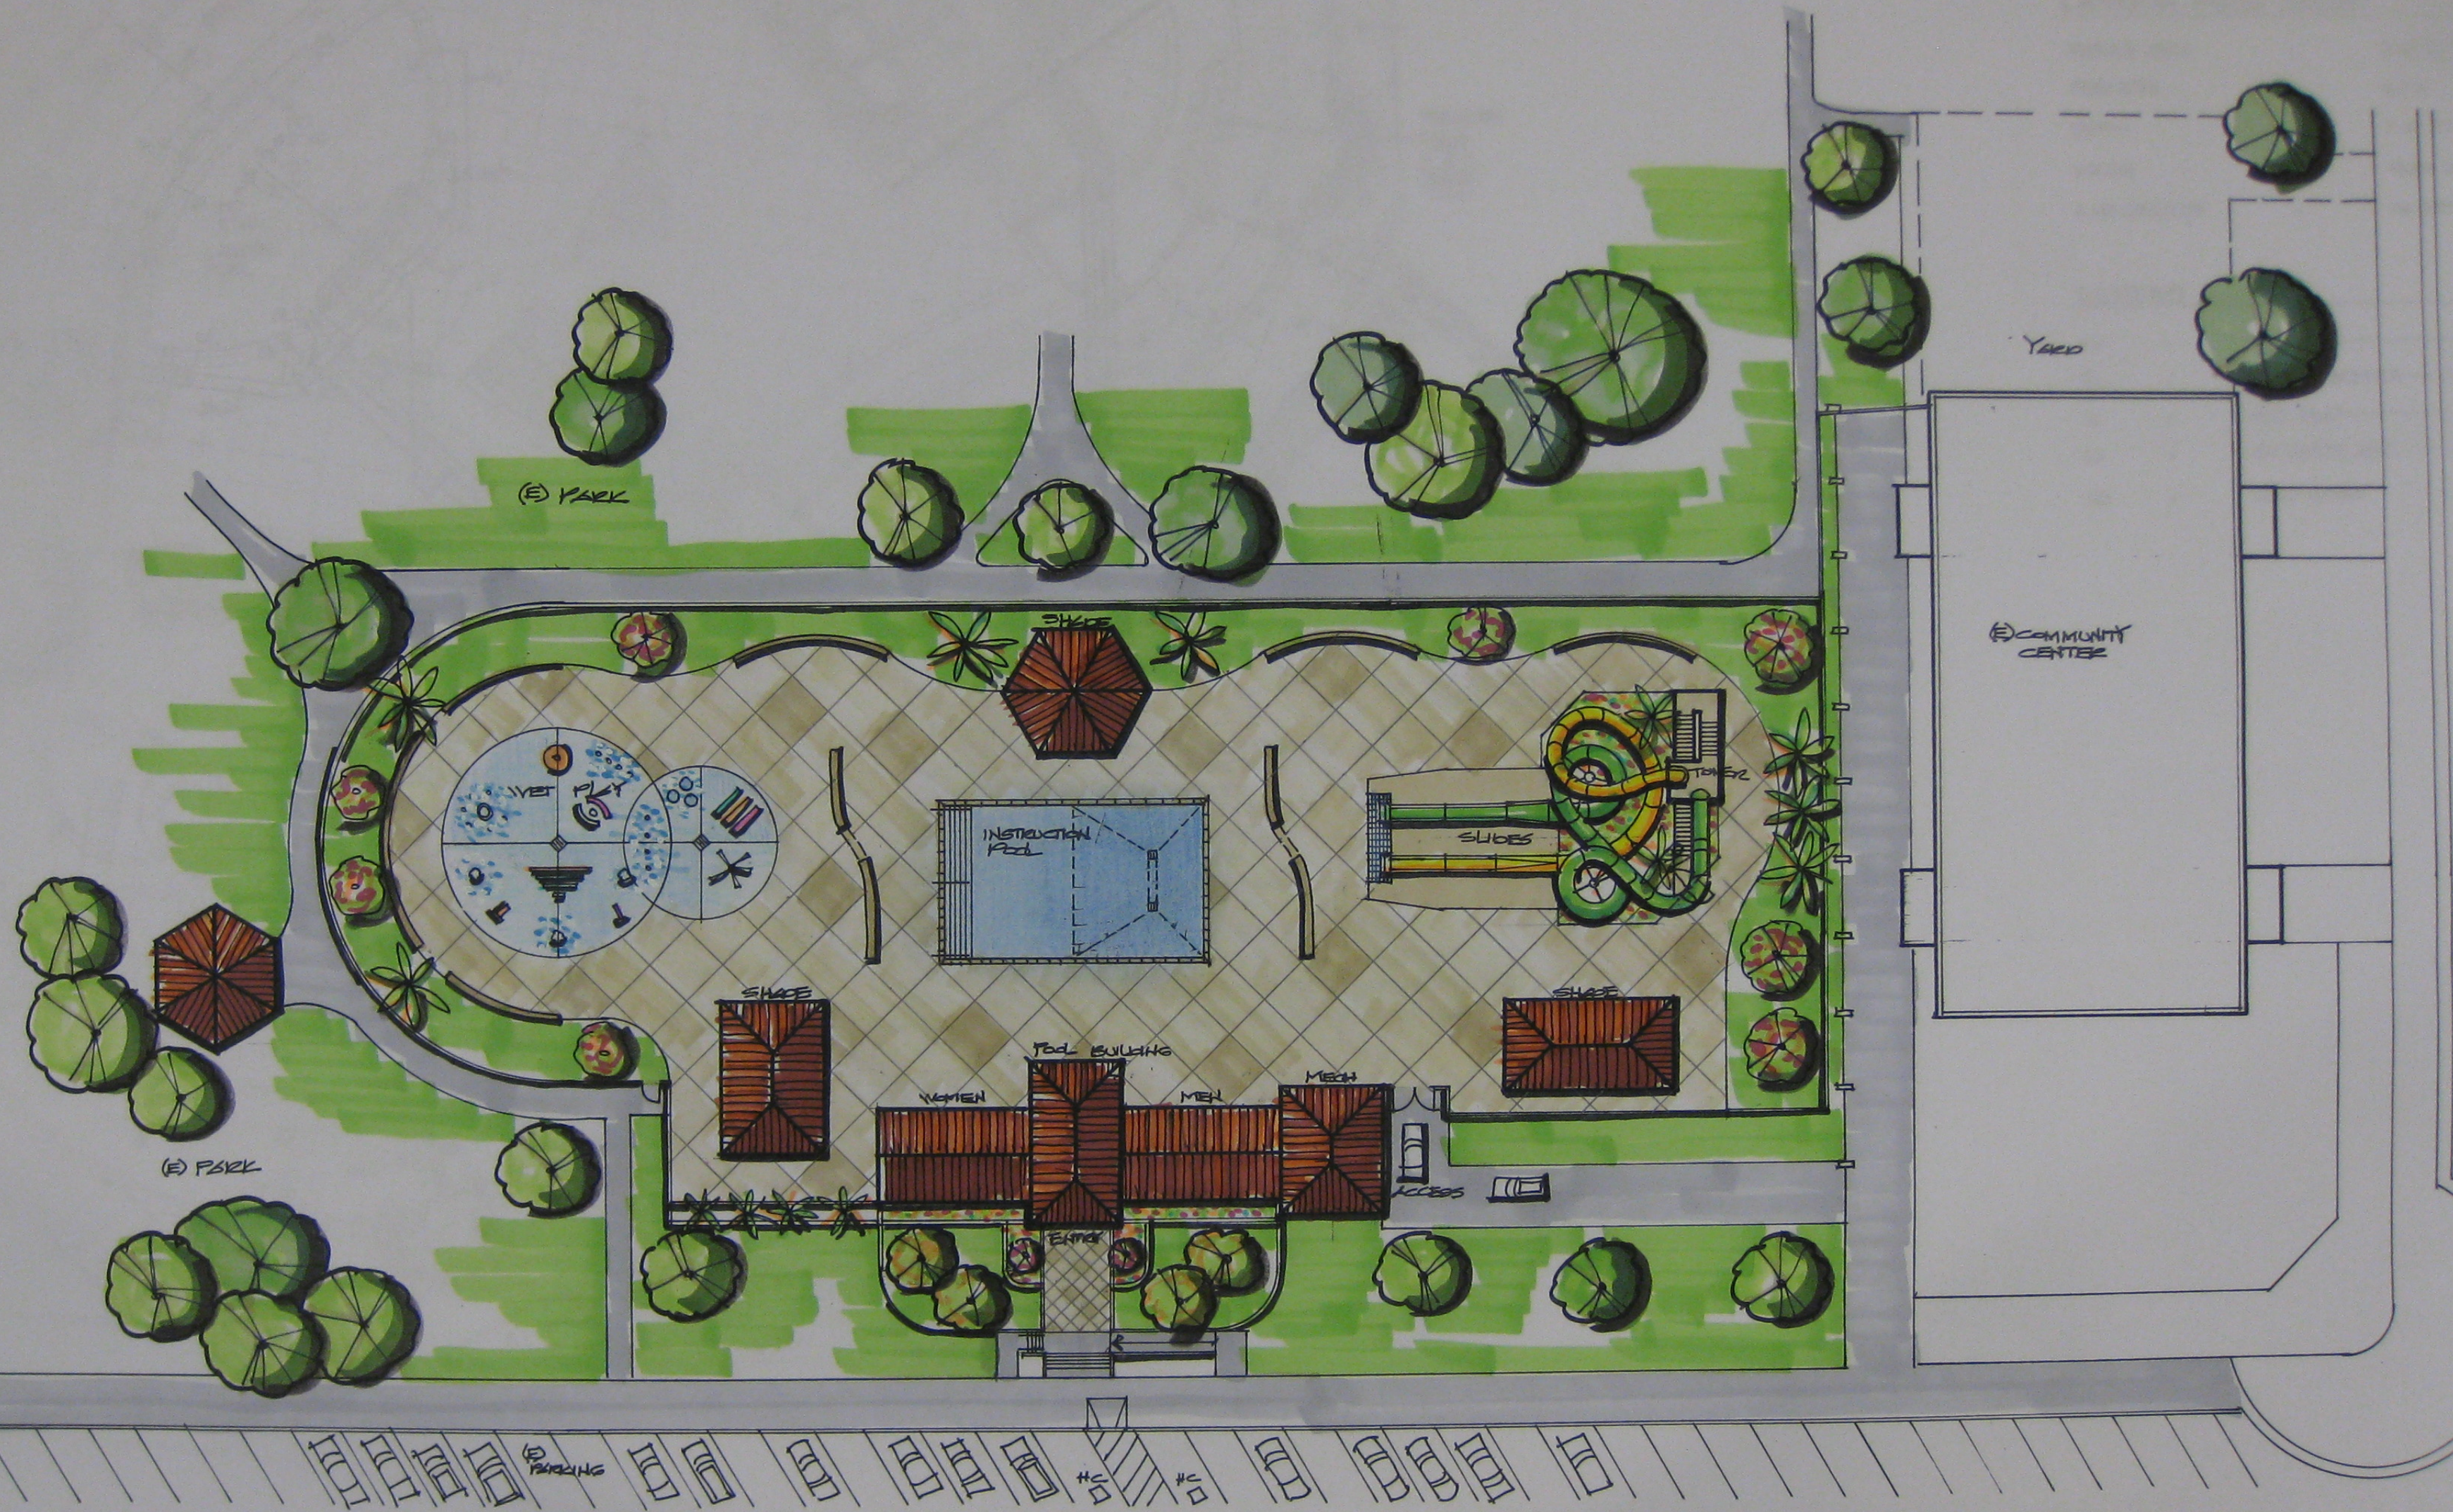

- Solar powered controller, rain sensors, soil moisture meters.
- Construction waste will be recycled.
- Incorporate only drought tolerant, climate appropriate, non-invasive native turf, trees, shrubs, plants, and ground cover.
- Pools' design will facilitate a thermal blanket, low flow plumbing fixtures, use of recycled irrigation water, LED lighting.

The aquatic center will be open Monday through Friday from 10 AM to 8 PM and weekends from 9:30 AM to 2:30 PM during the swimming season. Youth 14 and under can swim at no cost and families can purchase a seasonal pass calculating to less than \$3 per month per person.
